## Observations... From Around Town

(BY JAY WHOZIT)

Today is the Feast of St. Valentine, as defined by Webster. "St. Valentine's Day is observed as a festival in honor of St. Valentine, a Christian martyr of the 3rd century. It was a very old notion that on this day birds begin to mate. The custom of sending love tokens at this time has no connection with the Saint," however, in these modern times we choose this time to show our true feelings, by anonymously sending love tokens or messages of ridicule. . . . Joseph Kern, of our local 5 & 10, has been chosen as chairman of the Red Cross Drive which begins on March First. . . . the State Game Commission has declared open season on game fish during March and April. . . . why should such a difference of opinion exist between Hancock County Board of Supervisors and the Mayor and Commission Council of the City of Bay St. Louis as to the value of property in our city, for the purpose of taxation? . . . according to a Gulfport news item, Miss Nannie-Mays Crump will take the Mississippi State bar examination some time in February. . . . Miss Crump was at one time a reporter for the Echo. . . . junk is a rat's best harbor. . . . don't store junk in cabinets, corners, or garages, destroy it. . . . February 12 was the birthday of one of the greatest Americans who ever lived—Abraham Lincoln—who rose from poverty and obscurity to the highest office in the land. . . . last week, two men set out from their home here to earn a few honest dollars; they did not return—both drowned; the body of one has not yet been found. . . . justice, but who are we to doubt the wisdom of Divine Providence? . . . would you want someone to stop in front of your home and dump their garbage? . . . well, don't throw yours in front of the other fellow's home. . . . today as we sit in our modern movie theaters, watching the beautiful color-films, listening to the talking and singing, we cannot help but think back to the time when we sat in an open "Aldrome" theater watching the then thrilling silent films, running out after each reel when the lights would go out. . . . we parents or get a drink of water, among other things. . . . the responsibility of furnishing a suitable playground for the children of Bay High School belongs to someone—Carroll avenue is certainly not a fit or safe place for these children to play—the price of this negligence may be high, some child may lose his or her life, then what. . . . Georgia has two governors, but it is also true that Mississippi has only one Senator in Washington. . . . New Orleans press says that the city is overcrowded with Carnival visitors, hotels filled, etc., why not send them to us here on the Gulf Coast? . . . Waveland residents are very anxious to get natural gas in their town. . . . we understand that with a little effort and cooperation from the proper sources, this could be accomplished, why not? . . . such an arrangement could prove both profitable and satisfactory. . . . Harry Witter has been chosen as president of the reorganized Sportsman Hunting and Fishing Club, good luck, Harry. . . . don't forget, the Bay Garment Corporation will have its formal opening to the public on Thursday, February 20th. . . . many students of Bay High School were forced to leave their classes, during the cold weather of the past week, because of insufficient heat in some classrooms, how about this, Board of Trustees?

## Executive Board Of Bay-Waveland Garden Club Meets

The executive board of the Bay-Waveland Garden Club met on Tuesday afternoon at the home of the president Mrs. Eugene Mogabgab. Plans were discussed as to the Clean Up Campaign which the club has launched in connection with the convention of the Federation of Mississippi Garden Clubs to be held at the Buena Vista Hotel, Biloxi. The board expressed general appreciation of the cooperation received from the County, City and the Chamber of Commerce in their effort to have the city streets cleaned and other evidences of preparation for the convention tour of coast gardens and several gardens were suggested for opening. The tour of coast gardens will be on the 22 of April. It is hoped that there will be no let down in this clean up campaign because the ladies of the club are organizing and working to have the city of Bay St. Louis rank equally with all other cities in cleanliness, because it already ranks high in beauty. Those attending were Mesdames P. J. Truett, J. R. Schaff, Max Kohlen, G. H. Williams, George Stevenson, E. H. Singreen, A. O. Dresher, H. A. Oxenham, F. R. Curran, L. T. Boyd, E. P. Kirkpatrick.

## Bay Garment Corp. Announces Formal Opening, February 20

Mr. James H. Rutter, President, and Mr. James E. Rutter, Local Manager of the Bay Garment Corporation are announcing in this week's issue of the Echo, the formal opening of their plant on Thursday, February 20th, 1947. When the present plant was established, it was necessary that many of the workers be instructed in the art of sewing and to make the product that is manufactured by the Bay Garment Company. Mr. Rutter advises use that the personnel of the plant have been very apt in receiving the necessary instructions and that the plant at the present time is in full production and are turning out work shirts in ever increasing numbers. These shirts are sold throughout the country to the large retail and mail order houses. Feeling that his force is fully trained and being desirous of informing the general public as to the work that is being done in this plant, Mr. Rutter is issuing an invitation to the general public to visit with them on Thursday, February 20th, 1947, to see the plant in operation. There will be conducted tours and guides will explain each operation. We may add that it is quite interesting to see the plant in operation. It was our pleasure during the week to pay a visit to the shirt factory, and it will amaze you to watch the operation of putting a shirt together. Show that you are interested in this plant being in your County. Drop in to see it, and you may rest assured that the Rutters will deeply appreciate your visit.

## RED CROSS NOTES

**EPISCOPAL GUILD ENTERTAINS VETERANS**  
On Tuesday afternoon February 11th the Guild of Christ Episcopal Church entertained approximately thirty veterans from the Gulfport Veterans' Hospital at a Valentine party at the Episcopal Parish House. Mrs. Edward Porter, Jr. was chairman of the entertainment committee and was assisted by the following Guild members: Mrs. E. P. Kirkpatrick, Mrs. J. R. Shadoin, Mrs. E. N. Spence, Mrs. L. T. Boyd, Mrs. Shelby Tucker, Mrs. Rene de Mont-Luzin, Jr., Mrs. Harold Weston and Mrs. A. N. Dresher. Mrs. J. B. Goldman, a guest of the Guild, contributed much to the success of the entertainment by playing the piano for group singing. The Valentine theme was carried out in the refreshments and favors and the veterans, who represented both World Wars, seemed to enjoy their outing thoroughly. The entertainment constituted the regular monthly party which is a part of the program of Community Service to Hospitals.

Miss Hortense Peetz, Special Field Representative for Community Services to Veterans Hospitals, from Southeastern Area, American Red Cross, met in the local chapter office Wednesday morning, with Mrs. A. O. Dresher, chairman of Junior Red Cross, Mrs. J. R. Weston, Executive Secretary and Mrs. J. B. Goldman, representing the local Community Services.

Miss Peetz discussed the new organization of Community Services for Hospitals which has grown out of the war time Camp and Hospital Council.

Gulfport will be the host chapter to the others enrolled for service namely Meridian Hattiesburg, Piquette, Pass Christian and Bay St. Louis. Members from these chapters will meet once every three months to discuss and allot requests from the lists sent out to them by the Gulfport Veterans Hospital. The meetings will be held in the Red Cross Hut on the Grounds of the Hospital.

Miss Peetz was very much pleased with the work of our local Community Service to Hospitals to date. Different churches and organizations are giving one monthly party here in Bay St. Louis for about thirty veterans. The Baptist W. M. U. entertained them in November. The Red Cross chapter gave a Christmas party at the Hospital in December. The Methodist W. S. C. S. had a party here in January, and the Episcopal Guild had a Valentine party in February. The W. B. A. is to entertain them in March and the Garden Club in April.

## Collection For March Of Dimes Fund

## A Report on the Drive For Old Men's Home—We Are Still A Small Amount From Meeting Our Quota

Mrs. W. L. Bourgeois, chairman of the drive to raise funds for the establishment of a home for homeless old men in Mississippi, is in receipt of a report from Greek Rice, Chairman of the Board of Directors and W. F. Bond, Secretary and Treasurer of the Old Men's Home, which shows that a total of \$54,755.67 has been subscribed towards the amount of \$100,000.00, which is the quota over the State. In their report Messrs. Rice and Bond, state that the new home between Jackson and Canton, has been opened and has been occupied by the Old Men, since before Christmas. That it has electric lights, gas for heating and cooking, proposed, two fine deep wells of water and good buildings including a small clinic and hospital for the sick. That it is necessary to build a dairy-barn, chicken house and some fences on the twenty five acres of land and get eight or ten good milk cows. This home is not a state institution but is non profit, non-sectarian, philanthropic organization, acting under a charter from the state. In Hancock County the quota was \$480.00 and the sum of \$345.42 was raised so far. It is only necessary that \$135.00 be raised to finally meet this quota. It is going for a real good cause, and we hope that a few folks will mail Mrs. Bourgeois a small amount to make up this quota. We might also add that the amount is deductible from your income tax.

Mr. Swanson also spoke briefly on the evil of gambling that is gradually creeping into college and even high school athletics.

The following members of the 1946 football squad qualified for letters: Raymond Benvenuti, Ray Carrio, Spurgeon Lachaussee, Louis Mogabgab, Graham Dacovich, Anthony Carter, William Hodgson, Theodore Millette, Joseph O'Donohoe, Robert Friis, Wally Bontemps, Wallace Burns, Teddy Schmidt, Rogers Reinf, Ike, Alfred Walker, and William Logan.

## GEORGE L. CUEVAS ANNOUNCES CANDIDACY FOR CLERK OF COURTS

We are authorized to announce the candidacy of George L. Cuevas, Tax Assessor of Hancock County, for the office of Clerk of Courts, Mr. Cuevas' statement to the voters of the County is as follows:

To the Voters of Hancock County: I take this means of formally announcing my candidacy for the office of Chancery and Circuit Clerk of Hancock County, subject to the action of the Democratic Party in the coming election to be held in

GEORGE L. CUEVAS

1947. At this time I do not think it premature to mention this fact, as it is my wish and desire that all the voters and public in general should be informed of my intentions.

I feel I need no introduction to the people of Hancock county having served them in the capacity of County Assessor for the past 15 years or more. By reason of my long tenure in that office I feel and know that I am both fitted by service and experience to fill the most important office of County Clerk to the satisfaction of all concerned.

While acting as Assessor I have labored honestly and industriously to give to the people of my county the very best service possible for me to give. I have kept faith with the people at all times, guarding their interests as best I could and have endeavored to give them the best administration of which I was capable. I have at all times during my tenure in office, kept the welfare of the people in view. During all this time that I have served you, the pay of my office has been on a very very low status as compared with the pay of other offices of the County, nevertheless I have been thankful to you, and have worked on in the face of this low pay. An opportunity has now presented itself in which I feel that I can promote myself in a material way as well as render you a service in a higher capacity.

I have looked forward to this opportunity to better myself for some time. By reason of my long experience in public affairs and especially in clerical work I feel that I am both fitted by experience and qualification to render the people a still greater service in this office than I have been able to render to them heretofore. From this standpoint I feel that my friends and the people as a whole would feel that I deserve a promotion at their hands. It is therefore with pleasure that I announce myself for this office.

Believing as I do from the facts stated above that the people will understand my position in this matter and will approve of my efforts to promote and better myself, I am doing this on my own accord, unsolicited by anyone or any factional advice, simply making the race for this office on my own merits and on my past record as a public official.

I wish to say, too, I feel deeply indebted and grateful to the people of the county for what they have already done for me in a political way for the past fifteen years. Words cannot express my profound appreciation for the honor and the confidence you have from time to time, reposed in me. I feel assured, at this time and stage of life, there is not a man or woman in the county, knowing that I have performed my duty, faithfully, fairly and impartially, but what would not approve my promotion to a higher place, where I can still serve and render you a better and higher service.

I am aware of the fact that the office of Chancery and Circuit Clerk carries with it important and exacting duties, but in the face of this and by the will of the people I feel and know that I can discharge them with sound judgment and efficiency.

Thanking you for all past favors and hoping I will be able to again serve you in an official way, I beg to remain,

Yours Servant,  
GEO. L. CUEVAS.

## FORTHCOMING WEDDING

Mr. and Mrs. Herbert Stone of Kingsport, Tenn., have issued invitations to the wedding of their daughter Valda Carolyn to Mr. James Harold Page, the wedding to take place in the Broad Street Methodist Church, Kingsport, on February 22 at eight o'clock.

Miss Stone, a niece of Mrs. J. A. Evans, has visited here and has a host of friends among the younger group.

Due to the increase in business in the local Post Office certain changes were made necessary to insure better mail deliveries.

A new mail carrier on the City Route has been added to the local force and will cover the section from the Post Office to Dunbar Avenue on Main Street, State Street, and DeMontluzin Street and all side streets. He will also cover the section from Toule Street to the Beach and from Main Street to Uman. This section will be covered by Foot Carrier, Frank Taconis has been named Carrier, and it at present employed in the local Post Office.

This change will give mail service to the newly developed DeMontluzin Street and will also give better and quicker service to the patrons in the area covered.

There are several sections in the City that will be changed from the present Rural Route Service to the City Delivery Service. The Mountain City Service will take over from the Rural Route, McDonald's Lane, Bay View Court, and that part of Second Street from Uman Avenue to the intersection of Second and the Beach Blvd. and will for the first time give service to Phillips Street and Greath's Lane.

The City Delivery Services will also take in Uman Avenue Carroll Avenue and St. George Street from Necaise Avenue to Dunbar and Clitzen Street and Ballentine Street from the Beach to Third Street. These streets are at present covered by the Rural Route. In the opinion of the Post Office Department these streets are densely populated and not suitable for Rural Service. The streets taken over by the City Route from the Rural Route will be given curb delivery service as at present.

The Rural Route has been extended to include Washington Street from U. S. Highway 90 to the Edwardsville School House and to return by way of Nicholson Avenue to U. S. Highway 90 and then down the New Highway 90 to Main Street. This will give service to sections that heretofore have had no service at all and the local office will then have a coverage of the entire Bay St. Louis area.

These changes will all take effect on February 17, 1947 and it is sincerely hoped that they will benefit the delivery service of the Bay St. Louis Office.

## Civil Aeronautic Administration Recommends Airport And Sea Plane Base For Bay St. Louis

The Civil Aeronautics Administration has recommended that 87 airports in Mississippi be constructed or improved in the next three years. They are among the 4431 airports in the entire country which Administrator T. P. Wright, stated should be improved or built during the next three years.

Included in this list is an airport for Bay St. Louis and a sea plane base. Under the program as outlined by the Administrator of the Civil Aeronautics Administration the Government would pay approximately 45% of the costs and the local governments would sponsor the balance or about 55%. We are classifying in class one, which would be a field having a usable landing strip from 1800 to 2700 feet in length. Airports recommended for construction or improvement were chosen with three factors in mind:

1. Airports required to accommodate existing air traffic.
2. Airports at intervals along natural routes of air travel.
3. Airports at places that people want to reach by air.

## BLOOD DONORS

THIRTY-FIVE friends of wounded State Trooper Cyril Reichert of Gulfport, Miss., came to New Orleans to donate blood in an unsuccessful attempt to stay the hand of death.

The state trooper was critically wounded in a gunfight with a bandit on his way to New Orleans to set up robbing shop.

This isn't the first policeman who has given his life in line of duty. He will not be the last. Much criticism has attached to law enforcement officers at times as grafters, chiselers and racketeers who line their own pockets while neglecting their sworn duty. And they are not always coppers on the beat. Many of them are at the top, setting the examples to their squads and culling the cream of the graft.

All of them, grafter and honest copper, have friends. But friendship is a tenuous thing for the grafters; none knows when his confidants are going to sing in the case of the crook; it is a friendship of convenience. When he's down, those friends flee.

Not so in the case of Trooper Reichert. Half of the blood donors who were listed at Charity Hospital were friends of the trooper, come to try to save him. Their efforts were in vain but their blood may help some other human being on the road to health. Too many did this duty; as one Charity physician said:

"Some families don't accept responsibility."

Trooper Reichert had no need of his relatives, though they were there, too. He had those who were proud to know him and to call him friend.—New Orleans States, Feb. 6, 1947.

## JUST A LITTLE RECOGNITION FOR MISSISSIPPI

MISSISSIPPI has been a target of the high-powered newspaper boys and the smooth tongued radio commentators of the north and east for the past couple of years. They have pictured us to the nation as real "no count" folks, who live on prejudice and hate, but with all of their propaganda they cannot keep the truth from being known and recognized.

The State of Mississippi may have been the lowest State in the Union in per capita income and high up in the list in illiteracy, and occasionally we may exemplify a bit of prejudice, nevertheless we have not forgotten the physical welfare of our people, and that this is recognized throughout the country is best told by an editorial comment from the St. Louis Post-Dispatch, which we quote:

### HATS OFF TO MISSISSIPPI

Mississippians have the lowest per capita incomes in the country. In its poverty, their state was overriden by malaria, syphilis, tuberculosis, hookworm, pellagra infant and maternal mortality and bad teeth. And yet Mississippi has taken great strides in a many-sided curative public health campaign which shames the efforts of richer sister states. "Missouri, for one," as F. A. Behymer summed up a comparison in our Everyday Magazine. "And for one of the worst."

This judgment on Missouri, unfortunately for our citizens, is a true one. In this important respect, Missourians must take off their hats to the superior example of improvement on the part of Mississippi. And Missouri, blushing to see what Mississippi has done with much smaller financial resources, should resolve to eliminate its own backwardness in public health.

## LOGTOWN NEWS

News reached us Monday that Dr. John A. Mead, of Hattiesburg, passed away that morning following a heart attack. Dr. Mead, 62, was born in Logtown, son of Dr. and Mrs. John Ames Mead. He attended business school in New Orleans after which he graduated from Vanderbilt University in Nashville in 1914. He practiced for 10 years in Logtown before moving to Hattiesburg in 1928. His father had been the first physician to set up offices in Logtown.

Dr. Mead leaves his widow Mrs. Sallye Thames Mead; one son, John A. Mead, Jr., a medical student attending Vanderbilt University; and five daughters, Mrs. Robert Oden, Mrs. G. A. Bynum, Misses Abbie Jean and Sallye Mead, all of Hattiesburg, and Mrs. E. P. Johnson of Jackson. He also had five grandchildren.

Dr. Mead was a member of the Hattiesburg Masonic Lodge, having moved his membership there from the Diamond Lodge in Logtown, which he originally joined. He was a 32nd degree Mason, and a mem-

### Altar Society News

Next Wednesday, February 19th, will be the meeting of the Altar Society at the Convent, at 3:30 p. m. Members and prospective members are asked to attend. As it is impossible to contact everyone personally, all are asked to please consider this note as a personal and individual invitation and urged to be present.

Meeting day falling as it does on Ash Wednesday, the first day of Lent, it is hoped that a larger number will be present, due to the fact they may feel they are making a penance by attending. Meetings hardly last more than an hour and there is so much which our Society should do for the coming Centennial Anniversary of our loved Church so please let us try to have a few more than the usual six or seven persons present.

### SUGAR STAMPS GOOD FOR TEN POUNDS

To avoid the substantial expense of printing and distributing new sugar ration books, all sugar stamps made valid on or after April 1, 1947, will be good for 10 pounds of sugar, A. D. Simpson, Jr., OPA Regional Sugar Executive, said today in Atlanta.

Spare Stamp No. 53, now valid for five pounds of sugar, will expire for consumer use at midnight will be based on the following standard for 10 pounds of sugar, will be validated on April 1 to cover both home canning and regular home use, Simpson stated. He added that the number of the next valid stamp will be announced at a later date.

It is necessary, Simpson said, to terminate Stamp No. 53 a month earlier than originally announced in order to avoid the serious trade problem of handling both five and 10 pound stamps at the same time. The change is being announced now to give all consumers adequate opportunity to "cash" Stamp No. 53 before it expires.

Previously, Simpson explained, stamps have been validated for five pounds of sugar—some for regular home canning purposes. No special stamps for home canning sugar will be validated in the future and the stamps made valid during the rest of 1947 will provide sugar for both purposes, he said. Additional 10-pound stamps will be made valid

periodically as the sugar supply permits.

"It is important," Simpson emphasized, "that housewives plan the use of the sugar they get from these 10-pound stamps so as to cover both their household and home canning needs."

"Although it seems fairly certain that sugar supplies will increase during 1947, the exact amount of the increase is not known. It is impossible therefore to state the total amount of the sugar ration for 1947 or the dates on which additional stamps will be validated later in the year."

### GOVERNOR WRIGHT ANNOUNCES

Wright took time out to make his formal announcement for Governor of Mississippi, Governor Wright became governor on the second day of November, upon the death of Governor Thos. L. Bailey. ### COAST SODALITIES AGREE ON DATE FOR MAY CORONATION

The Coast Union Sodality held its monthly meeting on Monday, Feb. 3, at Our Lady of Victories Auditorium in Pascagoula, Miss. This meeting was attended by the Sodality officers of St. Stanislaus. At the meeting, a committee, consisting of the prefect of each sodality represented, was formed to decide the time and place of the annual May Crowning of the Blessed Virgin Mary. The committee decided to hold the Coronation in Bay St. Louis on May 11th, subject to Monsignor Gmelch's approval. It was explained that the reason for deciding this question so early was that the crowning last year could not be held because the sodalities could not find an "open date" for it.

Topic for discussion was Atheistic Communism. It was explained by representatives of the sodalities. Brother Felician, Stanislaus Sodality's moderator, summarized the discussion by telling how Atheistic Communism was worming its way into America. He said the result of Communism would be loss of initiative and lowering of quality by loss of competition.

The sodalists decided to hold their next meeting on March 3rd at Sacred Heart Academy in Biloxi.

## \$11,000,000 FOR TODAY'S NEEDS AND FOR MISSISSIPPI'S FUTURE PROGRESS

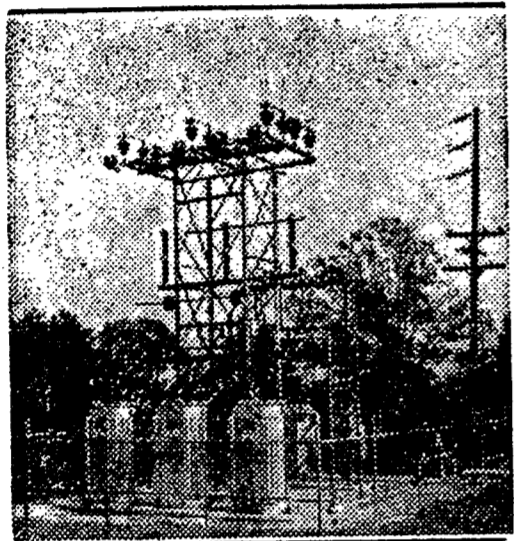

A new 30,000 horsepower addition to Plant Eaton, bringing the total to 90,000 horsepower . . . 115 miles of 110,000 volt and 150 miles of 44,000 volt transmission lines to provide additional capacity in the transmission network and furnish additional sources of power supply to sections now served over a single transmission circuit . . . expanding existing substation capacity and adding new stations . . . distribution system strengthening . . . new urban and rural line extensions.

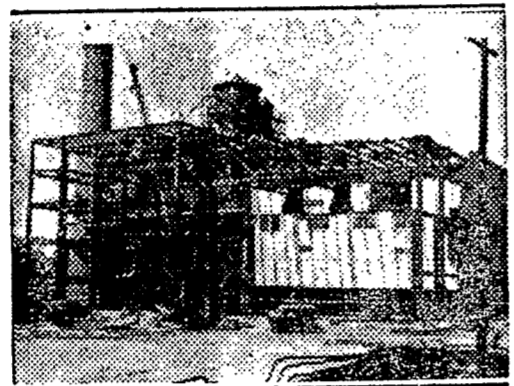

These are part of our plans to meet Mississippi's present and future needs at a cost expected to reach \$11,000,000, or more, during the next 4 years.

With this construction schedule, "post-war planning" becomes something definite and tangible, a definite program to provide for Mississippi's growth in population, employment, industrial development, business activity, and agricultural prosperity.

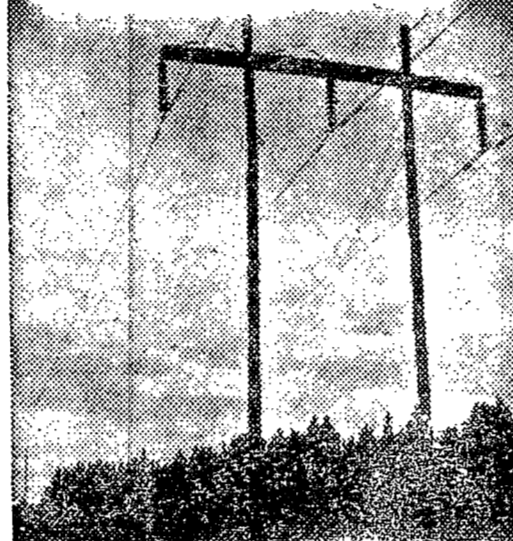

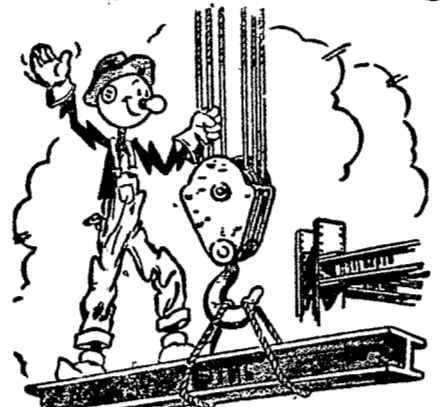

Our long term plans are being turned into projects NOW, to be ready for the greater needs of Mississippi's future.

Substations like this, already serving communities and industry, will have their capacity increased and new stations will be constructed to care for Mississippi's growing needs.

30,000 horsepower of generating capacity is to be constructed at Plant Eaton in addition to the 60,000 already operating or building. This plant will then have a total capacity of 90,000 horsepower and be able to produce well over 500,000,000 Kwh of electricity annually.

More than 250 miles of high voltage, heavy capacity transmission lines operating at 110,000 volts and 44,000 volts are scheduled to be added to the present transmission system crisscrossing South-east Mississippi.

## Veterans' News

An innovation in veterans' training—a foreign trade school—was recently established in New Orleans with an enrollment of 112 veterans from a half-dozen states.

It is the Import-Export Institute of the Maybin School, sponsored by the Orleans Parish School Board, New Orleans foreign trade executives are helping train the veterans.

Purpose of the two-year course is to train veterans to take positions in New Orleans booming foreign trade business especially with South America.

The curriculum stresses foreign trade, Latin American culture, Spanish language and general business subjects. Ages of veterans attending range from 13 to 43 years.

The initiative of a former Army Air Force Captain, with an assist from a GI guaranteed loan, has provided Mississippi banks and businesses a new protection in the shipment of money and valuables.

Edwin C. Humphreys, Jr., who served in the Army for more than five years, is now operating the only armored car service in Mississippi. Incorporated as the Jackson Ar-

mored Car Service at Jackson, Mississippi. Humphreys' firm is conveying payrolls and money shipments for businesses in all part of Mississippi.

The former GI established his unique business in May, 1946, after he had secured a government guaranteed loan to help in the purchase of armored cars and other equipment.

Glenn Warren, 24, of Llano Estacado, Texas, a rodeo performer before he entered the Army, is one of many Southwestern veterans who are overcoming war disabilities and learning new vocations.

Fighting with the Infantry, Warren's right arm was torn away by a German bazooka shell during an assault on a position in the Siegfried Line.

Under Veterans Administration supervision, Warren is now training in Houston to become a newspaper circulation manager. He has already worked up to the position of District Circulation Manager with the Houston Chronicle.

### QUESTIONS AND ANSWERS

Q—Is it true that the maximum fee for the services of an attendant for a disabled veteran had been changed?

A—Yes. Previously the maximum fee was \$5 for attendant service for 24 hours and fractional rates for periods of service less than 24 hours. However, since Jan. 1, 1947, the maximum fee for attendant service has been \$8 for 24 hours; \$5 for the first 8 hours; \$1.50 for the next 8 hours and \$8 for any period over 16 hours.

Q—I am a veteran with a service connected disability. Does Veterans Administration hire disabled veterans for work in its offices?

A—Yes. It is the policy of Veterans Administration to employ disabled veterans and other physically impaired persons whenever possible.

Q—My first husband was killed in World War II and I remarried. I divorced my second husband and now would like to know if my widow's pension can be reinstated?

A—Existing legislation provides that compensation or pension shall not be allowed to a widow of a World War II veteran who has remarried. Her status cannot be changed if she is divorced.

Approximately 600,000 veterans had applied for GI loans amounting to nearly 3 billion dollars up to Nov. 25, Veterans Administration said.

## World War II Dead Will Start Returning From Overseas For Reburial In August

August, 1947, is the tentative date set for the return of the first bodies of America's World War II dead from overseas for reburial in accordance with provisions of the War Department's Repatriation Program, Maj. Thomas V. Dixon, chief of the Memphis General Depot's American Graves Registration Service Distribution, announced.

According to preliminary operational schedule issued by the Army's quartermaster general, those who fell at Pearl Harbor and other armed forces personnel now buried in seven cemeteries in Hawaii will begin arriving at San Francisco about August 18, Major Dixon said. Those who are buried in the Henri Chapelle temporary cemetery in Belgium are scheduled to start arriving at New York about August 25.

Return of bodies from 200 other temporary overseas cemeteries in all parts of the world will follow a cemetery-evacuation schedule extending into 1949.

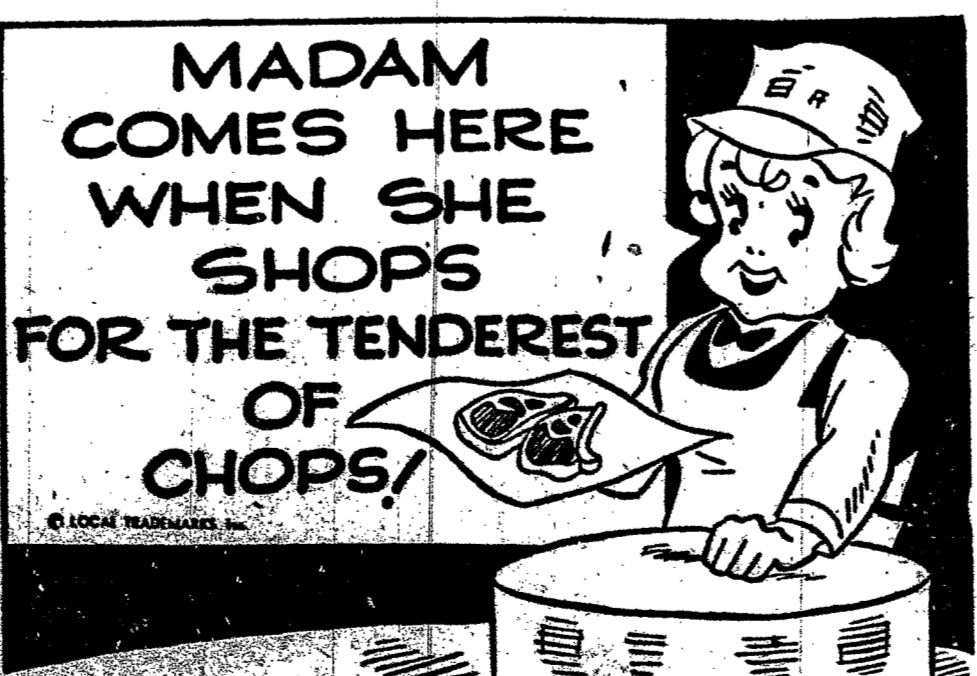

Only the bodies of war dead whose return is requested by next of kin will be brought back to the United States for final burial in a private or national cemetery, Major Dixon said. Next of kin will be given an opportunity to state their desires on forms, which will be mailed out from the office of the quartermaster general in Washington well in advance of the prospective return. Until this form is received by next of kin, no action is required.

However, information may be obtained from many chambers of commerce and American Legion posts in the Tri-State area, or by writing the AGRS Distribution Division, Memphis General Depot, Memphis 2, Tenn.

## ORTTE THEATER SUNDAY - MONDAY "THE SHOW-OFF" WITH RED SKELTON

Starring Marilyn Maxwell, Majorie Main, Virginia O'Brien, Eddie "Rochester" Anderson

The laughs are long and loud on the Ortte screen where Red Skelton is bringing to life "The Show-Off" M-G-M's rib tickling portrait of a pest who is familiar to everyone who has ever suffered from a loud-mouthed, back-slapping, know-it-all brother-in-law.

Although such members as Ma and Pop Fisher, daughter Clara and her husband Frank are made the unhappy victims of Aubrey Piper's egotism when he is brought home to the family as Amy's husband it is Amy's brother Joe who suffers the greatest persecution. Joe, an inventor, is about to sell a rust preventative when the interfering Aubrey not only blunders into Joe's chemical paraphernalia and sets the house on fire, but later visits the prospective buyers of the invention and turns down their offer because he considers it too small.

In the meantime, he and Amy have been thrown out of their apartment because of too much noise, he is being dunned for payment of his engagement ring he wrecks a friend's automobile which he has driven without a license and he lands in jail and has to be bailed out by Frank. When the revelation of his blundering interference with Joe's invention now comes to light, it seems as though even the loyal Amy must have her doubts about her show-off husband. But a twist of the plot gives the unhappy Aubrey Piper a "break" at long last and he is able to vindicate himself before the family really tear him to pieces.

Red Skelton's portrayal of the braggart hero is a gem of comedy acting, with Marilyn Maxwell giving excellent contrast as the loyal Amy for whom Aubrey can do no wrong. The role of the long-suffering Ma Fisher is amusingly played by the staunch Marjorie Main, the plagued Joe is sympathetically enacted by Marshall Thompson and others who contribute to the humor and action are Virginia O'Brien, Eddie "Rochester" Anderson, George Cleveland, Leon Ames and Jacqueline White.

**OUTLOOK BRIGHT  
FOR 1947**

Mr. Leo G. Ford, County Chairman of the U. S. Treasury's Peacetime Savings Bonds Committee, paints a bright picture for 1947. He says that "the economic outlook is good; that the various schools of economics largely agree that employment will remain high; strikes are less likely, and the farm income should be nearer the all-time high." "All of these," he says, "coupled with the assurance of a balanced national budget, is encouraging news to everyone. It means we are moving in the right direction."

He states that "during 1946," which was the year of readjustment from war to peace, "the Treasury's war finance program, with the fine cooperation of its thousands of volunteers, made its transition from a war-time program to a peace-time savings program and came through with a very fine record, Mississippians having bought an average of almost 3 1/2 millions per month of E, F, and G Savings Bonds, for a total of \$41,879,252."

"Hancock County had a monthly average of \$24,587 for a total of \$295,004."

"More and more people have learned that a financial reserve is a necessity for a happy and successful future. That is why they are continuing to buy U. S. Savings Bonds." "Current reports show that purchases of savings bonds for the nation as a whole for January, 1947, exceeded purchases for January, 1946."

He asks that everyone buy all Savings Bonds possible.

**Book Review By Mrs.  
Adaline Knoblock**

There was a representative number out Monday afternoon to hear Mrs. Adaline Knoblock at the Waveland School. Though scheduled as a Book Review, Mrs. Knoblock in reality gave the high points of three books "Delta Wedding," by Welty; "The King's General" by Du Maurier and "We Shook the Family Tree."

Mrs. Knoblock is always good but she was better than good on Monday because she very cleverly brought out enough of each book to make her hearers want to read it.

The group was treated to three numbers by the school band: Selection from Rigoletto, Home on the Range, and Little Brown Jug. The band was organized at the opening of school and most of the boys and girls had never had an instrument in their hands. The proceeds of the entertainment went to the band fund.

### Celebrates Founders Day

The local P. T. A. celebrated Founders Day at the monthly meeting held on Tuesday in the auditorium of the school.

The meeting opened with a play "Of Any Child Alive" which was presented by some pupils of the sophomore class under the direction of Miss Mary Kittrell.

The setting of the play was the inside of an American home with six women making dresses for children. The photographs of the two founders of P. T. A., Alice McLellan Birnew and Phoebe Apperson Hearst are shown and as the women work they look at them. The six candles, Hope, Courage, Cooperation, Wisdom, Diligence, Companionship, are lighted.

Those taking part were Audrey Mays, Betty Jane Moran, Dolores Carver, Eva Allen, Louella Capdepont, Lillian Russell. Ted Morel, president of the class, was the announcer.

Following this a short business session was held.

An announcement was made calling attention to the international broadcast in commemoration of Founders Day to be heard over NBC on Monday, February 17 at the noon hour.

It was also announced that Dr. Samuel T. Robbins, Jackson, director for the "Education for Responsible Parenthood" program, will be the speaker on March 11 at a night meeting of the P. T. A. to which fathers, mothers, other relatives and friends are invited.

The fourth grade won the attendance prize.

A Founders Day tea was held in the Home Economics Room where the birthday cake, iced in white and yellow was cut.

# Formal Opening Of The Bay Garment Corporation Thursday, February 20, 1947

Through the efforts of a few private citizens and the co-operation of the Hancock County Chamber of Commerce, we have opened a plant in Bay St. Louis. When the present plant was established, we had to teach employees how to sew and make the products that we produce. The personnel of the plant has learned exceptionally well and as a consequence we are now in full production and are turning out Work Shirts in ever increasing number. In order that the people of Bay St. Louis may see just

what the plant produces and how our products are made, we are asking the general public to visit our plant on

### THURSDAY, FEBRUARY 20

and see the plant in operation. There will be conducted tours all day and experienced guides will explain each operation.

We are happy to be permanently located in your county and we trust that we may have the pleasure of having you visit our plant on Thursday, February 20.

### Bill On National Service Life Insurance Not Yet Passed

Jackson—The House Bill that will permit extending the date on which reinstatement of National Service Insurance may be effected on comparative health basis without physical examination has not yet passed United States Senate, the Veterans Administration announced today. Until passage of this Bill, the VA will take applications for National Service Life Insurance reinstatement together with required premiums from veterans and the necessary physical examination will be

scheduled as situation permits. Upon passage of the Bill, these applications can then be reconsidered under the new law, the VA said.

The VA pointed out that should death occur after filing of application and payment of premiums and before approval of the House Bill, veterans will be protected provided it is approved that he was in good health on effective date of application.

### STANISLAUS TEAM IN SURPRISE PERFORMANCE

The Stanislaus mittmen officially opened their boxing season Wednesday night in Biloxi. There was an eleven bout match and when the leather stopped swinging, the result was a draw with Biloxi High School, the score being 5½-5½.

Winning their bouts for Stanislaus were Albert Piazza, J. V. Morreals, Jack Bell, Eddy Clemmons and Dickie Curran. Jimmy Holmes drew in his fight with Nelson of Biloxi. The results of the fight in the respective weights were as follows: 75 lbs. Benvenuti, a new member of the Rock squad, lost by a decision to Vuyovich. Although green, Benvenuti, carried himself well and put up resistance.

80 lb. Caruso lost by a TKO to Thornton of Biloxi. Experience on the part of the Indian representative took the toll of Caruso. 85 lb. Albert Piazza put the Rocks in the win column with his clever handling of Mareno. Piazza showed promise in his decision over the Biloxi boy.

90 lb. Albert Curet lost a close decision to Parker of Biloxi. With a little more experience, Curet will soon become one of the better pugilists on the Coast. 95 lb. Jimmy Holmes stormed through three exciting rounds with a rugged customer from Biloxi who held Jimmy to a draw.

100 lb. J. V. Morreals, one of the Rocks' big guns, showed exceptionally good form in scoring a TKO over Reaux. The fight was stopped in the early part of the first round.

105 lb. Although fouled in the first round, Jack Bell the Stanislaus mittmen in the win column by winning a decision over D. Ward. 105 lb. Eddy Clemmons tied the score with a decisive decision over Strong from Biloxi. Eddy was master of the situation from the beginning to end.

112 lb. Biloxi surged ahead on this fight when Schexneider won a close decision from Mike Capone. Mike turned in an excellent performance for his initial appearance in the ring.

126 lb. Dickie Curran breezed through his fight and brought the first round to an early close with a knockout over Wetzel of Biloxi. 135 lb. Although losing by TKO at the end of the second round, Richard Hunter turned in a superb performance of boxing as he lost to Comeaux of Biloxi. The first round

went to Comeaux but Hunter came back in the second to take the lead. Richard jabbed and hooked the Biloxi boy at will. Two seconds before the bell rang, Comeaux connected with a right hook which downed the game Rock mittman. Hunter won the admiration of the boxing fans with his surprising performance.

From where I sit... by Joe Marsh

Willie Goes to School at 23

Everybody's joshing Willie Wells about going back to school. They remember when Willie would hide out in the woods—scared to bring his report card home to Pa.

But under the G.I. Bill of Rights, Willie (who has a wife and baby) is getting a free education at the Agricultural College. And Uncle Sam is giving him a fine report: "Department, excellent; Progress, above average."

That goes for all those under-graduate veterans. Like Willie, they appreciate an education more than

ever now. They're industrious and well-behaved—their favorite beverage is milk, or a temperate glass of beer. For them the "three R's" seem to mean: Responsibility, Resourcefulness, Restraint.

From where I sit, cynical folks who thought veterans wouldn't want to return to school—wouldn't stick to steady habits of work and moderation—have their answer in "undergraduates" like Willie.

**OPEN SEASON ON GAME FISH IN MARCH AND APRIL**

The Game and Fish Commission of Mississippi has opened the season on game fish during the months of March and April.

Fish culturists have found that a closed season on bream, bass, and crappie is not necessary to keep up the supply of fish in Mississippi where we have a mild climate which permits spawning throughout most of the year.

It has also been found that a great number of fish die naturally each year if they are not caught, causing a loss to the fishermen.

The Commission in cooperation with U. S. Fish and Wildlife Service federal fish hatcheries at Meridian and Lyman are doing much to keep an abundance of fish in Mississippi waters.

During the calendar year of 1946 the Game and Fish Commission distributed 1,515,721 bass and bream from the Meridian hatchery and 1,653,062 bass, bream, crappie and catfish from the Lyman hatchery.

Many of these fish were placed in public waters, but more than 5000 farm ponds were stocked in creating new places to fish.

**JUNIOR B CLASS MARDI GRAS BALL HONORS SENIORS**

On February 1st the Junior Class B of Stanislaus gave a semi-formal dance which was held in the Saint Stanislaus Auditorium. The theme of the dance was "Mardi Gras Ball." The auditorium was decorated by the members of the class under the direction of Brother Reginald, Junior B home teacher.

At the entrance was a huge mural. As the guests entered, they were provided with masks.

On the windows were large masks of different colors symbolizing the gaiety of the season. These colored masks looked down upon the couples as they danced. There were also streamers from the walls gathered around a center light, which was covered with red cellophane to create a sensational lighting effect. On the curtain around the stage was a silhouette of a young man and young lady.

In the line of refreshments, served by the classmen who did not have dates, there were soft drinks and cakes for all.

The intention of this dance was to raise funds for the annual Junior-Senior Prom.

The music for this gala affair was furnished by a local colored orchestra, which proved alright in running with the theme. Everyone enjoyed himself immensely and is looking forward to another event of this kind.

**American Brotherhood Week Feb. 16-23**

Jackson, Mississippi, February 8, 1947 (Special)—The week of February 16 to 23 has been designated American Brotherhood Week. This movement to promote a better understanding between all of the people in our country is sponsored by the National Confederate of Christians and Jews. The reason for selecting this particular week in February, according to Mr. J. M. Tubb, State Superintendent of Education is that the programs for the week may be planned around the birthday of George Washington.

Mr. Tubb believes that stress should be placed upon the theme of American Brotherhood within the schools of our state. Out of observances of this nature should grow some patterns of peace suitable for all of us to follow. Mr. Tubb supports this strong belief by referring to statements from General Dwight D. Eisenhower, that if the world is to have and enjoy an enduring peace, it must be based upon a sound program of education.

February 16 falls on Sunday and for a full week daily programs may be arranged in the schools to feature the needs and the wholesome results of American Brotherhood.

Mr. Tubb urges the teachers and superintendents of Mississippi schools to give this matter their attention and to emphasize the needs of living together in our country, a country dedicated to the proposition that all
